

**R E M A R K S**

Claims **1, 51, 54-56, 61-63** are independent.

Claims **1-64** are pending.

**Examiner's request for Information**

The Examiner has requested information regarding "where in the prior applications the features of the present invention are first disclosed" and "which inventor(s) contributed which features claimed in the present invention that were also present in one or more prior application [sic] with different inventors".

Applicants are unsure of the precise extent of information the Examiner has requested. Further, Applicants are unsure under which statutory or regulator provision this request has been made. Accordingly, Applicants request clarification so that Applicants may properly provide what information is required. Alternatively, the information requested is unknown and / or is not readily available to the Applicants.

**Section 102(e) and 103(a) Rejections**

Claims **1 - 64** stand rejected as anticipated by or unpatentable over Logan (U.S. Patent No. 5,721,827), Saxe (U.S. Patent No. 5,636,346) and / or Weinblatt (U.S. Patent No. 5,515,270). Applicants respectfully traverse the Examiner's Section 102 and 103 rejections.

Independent claims **1, 51, 54, and 62** are rejected as anticipated by Logan. Remaining independent claims **55, 56, 61 and 63** are rejected as obvious in light of Logan as modified in light of Officially Noted subject matter.

Each of the independent claims recite "providing an offer" for various things (e.g., "for a benefit" in claim 1, "for a subsidy" in claim 51). Further, each in claim also recites that the offer is provided either *before an item is purchased* (e.g., claims **1, 51**) or *before the purchase is consummated* (claims **61, 62**)

Logan does not disclose or suggest any offer being provided either before an item is purchased or before the purchase is consummated. In fact none of the references cited by the Examiner disclose or suggest this feature, either alone or in combination. The portion of Logan cited by the Examiner (Col. 26, lines 53 - 59) states only that credit is given to the subscriber for advertising actually given to the subscriber.

This cited portion of Logan does not disclose or suggest that any offer is provided to the customer, much less provided either before an item is purchased or before the purchase is consummated. Further, Logan does not disclose or suggest that the offer is provided

*in response to a received indication* (claim **1, 51, 54 - 56 and 63**) (note that the indication varies with different claims)

*in response to a received signal that the customer has clicked a button* (claim **62**)
